Type of initiative
Private initiative

Description of action
The Monitor for Circular Fashion is a Scientific and Technological community of companies that aims at:
● mapping and analysing the industry dynamics and trends within the next 5/10 years
● examining how these trends and the 2030 Agenda will affect business models
● identifying circular fashion KPIs and suggesting a circular path for each business model
● defining the requirements to evaluate the scale-up of circularity projects
● creating the Italian Community for Circular Fashion
● enhancing traceability and transparency for circularity, also through the development of sustainability claims at B2B and B2C level
● encouraging Governments to adopt an harmonized policy framework to support circular fashion initiatives
● producing the "Circular Fashion Manifesto"and an annual Report to be presented to companies and industry associations, institutions and other key stakeholders
● inspiring the fashion industry through values which lead all stakeholders towards sustainability and circularity

Type of action
Traceability  Transparency

Scope of the action, including a description of the value chain processes that are covered

Objective
See description of the action including the objective. Please refer to the Circular Fashion Manifesto

Commitments
Please refer to the Circular Fashion Manifesto

Value chain scope

Timeframe and/or milestones for the action
Founded on: November 2020
Officially launched on: March 2021
In June 2021 the community includes 17 Partners

Please refer to the Circular Fashion Manifesto. The roadmap will be presented in September 2021.

Reference instruments and sources used
Please refer to the Circular Fashion Manifesto

Expected benefits and impact for the stakeholders involved
Enhanced visibility of compliance with sustainability requirements by industry actors/partners along the entire value chain

Enhanced traceability of the social/environmental/ethical attributes of product(s)/materials along the value chain; for example, for origin, quality, sustainability performance, and compliance with health and safety requirements for consumers and workers

A measurable impact on sustainability in value chains over time, eventually verified through life-cycle assessments and/or sustainability certifications

Enhanced environmental and socially responsible consumption and production, and circularity of the value chain, that may be relevant to and inspire other countries and industry actors/partners

Management of reputational risk for manufacturers, brands and retailers who are selling the products concerned

Stakeholders involved
Business and industry associations
Consumers and consumer associations
Key performance indicators for the action

Meta KPIs:
- Number of Companies belonging to the Monitor for Circular Fashion
- Number of Companies implementing the suggested KPIs
- Representativeness of Companies involved (key players of different activities of the textile and garment value chains; medium and large companies)

For the traceability & transparency specific KPIs please refer to the Circular Fashion Manifesto

Good practices

Good practices will be presented in September 2021
