If Organization or Company, please indicate the approximate number of employees

5

Title of the action

Blockchain

Partners

Creditex

Type of initiative

Foundation / association initiative

Description of action

Traceability of 10 tonnes of Peruvian Pima cotton

Type of action

Traceability

Transparency

Please select the specific area/s of the action

Research and Development of Innovative Solutions

Scope of the action, including a description of the value chain processes that are covered

Objective

Tracing cotton fibre from production to garment.

Commitments

Advancing transparency and traceability of processes.

Value chain scope

Cotton value chain, including fibre production, woven yarn and garment manufacturing.

Timeframe and/or milestones for the action

April 2023

Reference instruments and sources used

None

Expected benefits and impact for the stakeholders involved

Enhanced visibility of compliance with sustainability requirements by industry actors/partners along the entire value chain

Enhanced traceability of the

social/environmental/ethical attributes of product(s)/materials along the value chain; for example, for origin, quality, sustainability performance, and compliance with health and safety requirements for consumers and workers

Stakeholders involved

Business and industry associations

How has this UNECE-UN/CEFACT Call to Action contributed to strategic engagement and/or public awareness in support of your commitment?

The press identifies our cooperative as the first in Latin America to join a blockchain traceability process.
