- ✓ Focus: How to leverage digitalization for a resilient, strong, sustainable and inclusive recovery.
- ✓ Ministers' Declaration one priority on: Consumers' Awareness and Protection in the Global Digital Economy.
- ✓ Multi-stakeholder Forum on consumers' awareness, protection and blockchain for traceability
- ✓ G20 Collection of Practices and Examples on Blockchain in Global Value Chains

Ministero dello Sviluppo Economico

Policy issues

- ✓ Create a suitable legal framework for the development of the technology and its applications, including its use across borders.
- ✓ Spread culture and improve the knowledge about DLTs through education, competence and skills.
- ✓ Promote technical standards and interoperability (open source).
- ✓ Promote ecosystems (knowledge, practices, experiences) and multi-stakeholders' collaborative initiatives.
